Testimonial

"Having the opportunity to work with AFLCT has been truly beneficial; they've provided unique experiences that have positively impacted our students. Their professional artists are strong role-models who encouraged students to take risks,

find their voices, and be confident young people. They assisted in the process of inspiring our students to discover their individual identities and be able to self-assuredly express and share their ideas and opinions."

Description

Drawing is the foundation of all other art forms. This class explores drawing from observation and imagination. Students will learn the basic compositional elements of figure and ground and two drawing techniques: "mooji" and "contour." "Mooji" is drawing from the inside: it's like a doodle that eventually finds its form, and "contour" drawing is rendering the outside line of an object or form. The class is taught through guided demonstrations and examples. Play and practice are the main focus. Students can choose to draw with pencil and paper or draw on an i-pad or tablet.

Objectives

The aim of this program is to develop basic skills for students to become confident in drawing. Students have the option of drawing with analog or digital methods. Both ways of working have their unique qualities. Either way, drawing is the most direct method to put forth an image and build confidence (in students of all ages.)

Pricing Information

One workshop \$ 515

Back to back \$810

Virtual: one session \$370/session

Virtual two sessions \$515/session

Program Length

45 minutes- 1 hour

Participants

online and in classroom 20-23 students max

Technical Specifications

I-pads / Tablets/ i phone/smartphones

Internet connection, zoom link

Drawing paper, pencil, marker, eraser
