## Testimonial

"Having the opportunity to work with AFLCT has been truly beneficial; they've provided unique experiences that have positively impacted our students. Their professional artists are strong role-models who encouraged students to take risks, find their voices, and be confident young people. They assisted in the process of inspiring our students to discover their individual identities and be able to self-assuredly express and share their ideas and opinions."

## Description

Students gain a better understanding of African American contributions to science, history, and culture in the United States. Dr. Robinson fosters critical thinking, public speaking, and research skills. Workshops cover a variety of topics and historical figures and can be designed around teacher requests. Recent topics include Juneteenth and Voting Rights in America.

In-person or virtual

## Objectives

This is an interactive presentation followed by small group work and discussion. Students will work on an assignment in small groups. The program is centered on a historical topic and key figures in American history.
