Testimonial

"Thank you for a fun activity! We all really enjoyed it! Hope we can do it again soon!"

Betsy Corthell - Sanchez School

Description

This interactive virtual performance is based on the musical styles and traditions of South and Central America, the Andes, the Spanish Caribbean, Spain and Mexico. Using digital technology to enhance the program, we deliver a dynamic live video that includes background visuals, images and text. This colorful program engages audiences of all ages as they learn about Spanish-speaking cultures in a fun and innovative way. Participants sing in Spanish while following the lyrics on their computer screens. Surcari performs Latin music on a wide array of traditional instruments while wearing ethnic hats from each country they visit. Q&A section.

Objectives

1. To present the music, folklore, and traditions of South and Central America, the Andes, the Spanish Caribbean, Spain, and Mexico.
2. To introduce a wide variety of traditional instruments from the rich musical heritage of Latin America.
3. To develop an appreciation of the cultural diversity of the different Spanish-speaking cultures through music.
4. To let students experience first-hand the joy of music through active participation in the program.
5. To inspire students to learn more about Latin America.
